

2017 International Legislators Forum

Biography

William (Bill) Hamlin

Manager – Energy Policy and Resource Options

Manitoba Hydro

360 Portage Avenue

Winnipeg, MB R3C 0G8

O: (202)792-2469

wjhamlin@hydro.mb.gov

Mr. Hamlin is an electrical engineer specializing in resource planning and energy and environmental policy. He has been involved in energy and climate change policy discussion for more than 25 years. Bill has been a participant in many Midwest energy activities including the Midwest Governor's Association, the Midwest Renewable Energy Tracking System (M---RETS®), Powering the Plains and the International Legislators Forum. Bill is also an expert in the design of greenhouse gas trading systems, and participated in the design and implementation of the Chicago Climate Exchange. He currently serves as the chair of the Canadian Hydropower Association's Clean Energy Policy Committee.
