Andrew Berg

Environmental and Stormwater Manager
City of Sioux Falls – Public Works Department

aberg@siouxfalls.org

Andy Berg is the Environmental & Stormwater Manager for the City of Sioux Falls Public Works Department. He has a Civil Engineering degree from the South Dakota School of Mines and Technology. Prior to his current role, Andy was the Principal Drainage Engineer for the City of Sioux Falls for 8 years.

While serving as the Environmental/Stormwater Manager, Andy is tasked with implementing many water quality projects. Many of these projects involve coordination with multiple agencies to see them through to a successful completion.
