Biography

Jeremy Jackson is the director of the Center for the Study of Public Choice and Private Enterprise and a professor of economics at North Dakota State University. His research covers diverse topics, including public choice and political economy; the social consequences of economic freedom; happiness and well-being; and philanthropy and nonprofits. His research has been published in *European Journal of Political Economy*, *Public Choice*, *Contemporary Economic Policy*, *Journal of Happiness Studies*, and other refereed and non-refereed publications. He developed the North Dakota Forecast Model, which is used to publish a quarterly Economic Outlook report from the Center for the Study of Public Choice and Private Enterprise. He is a member of the Foundation for Economic Education Faculty Network, American Economic Association, Association of Private Enterprise Education, Omicron Delta Epsilon, Public Choice Society, and Association for Public Economic Theory.
